

# Livio® Radio

## More Music, Less Work.

## CAR INTERNET RADIO APP for iPhone® and Android®

### Product Description

The Livio Car Internet Radio app for iPhone and Android is the first mobile Internet radio solution optimized for use in the vehicle. Available now on the iTunes® Store and the Android Marketplace, try the FREE app and listen to hundreds of Internet-based radio programming options streamed through the 3G/ Edge or Wi-Fi connection. Download the upgraded Livio Car Internet Radio application for \$4.99 to stream more than 45,000 AM/FM and Internet-only radio streams from around the world.

Designed from the ground up by Detroit-based automotive electronics veterans, the Livio Car Internet Radio includes a number of distinctive features unmatched by any other product in the iTunes Store or Android Marketplace. The app was named a Top 20 finalist at the 2010 International Consumer Electronics Show's Mobile Apps Showdown and finalist in the AT&T Open Call Contest for Developers at the 2011 CTIA Wireless.

### Key Features

- **Variety:** Browse more than 45,000 AM/FM and Internet only radio streams from around the world in partnership with the RadioTime® radio service.
- **Designed for In-Vehicle Use:** Large preset buttons with horizontal or vertical positioning.
- **Easy Search Options:** Browse streams by genre, location, or language, and search by call letters or keywords. Find local stations based on current GPS location.
- **Listen in the Background:** Stream audio in the background on the iPhone or Android while using other applications.
- **Select Favorites:** In addition to the on-screen presets, users can add thousands of stations.
- **A built-in Phonebook:** Store popular phone numbers for easy access (does not include iPad or iPod Touch).
- **Station History:** Track stations users have listened to and enjoyed.
- **Social Networking Connectivity:** Share favorite stations and songs with friends and followers on Facebook and Twitter.
- **Direct-tune:** Input a radio station's unique code to begin streaming the broadcast.
- **Reliability Filter:** Adjustable reception settings to receive only the clearest stations available.
- **Swipe for Recommendations:** Swipe the on-screen tuner and the app will recommended a similar station for you.
